

*Dear Exhibitor,*

The American Osteopathic College of Dermatology invites you to join our team of exhibitors at our ***New Trends in Dermatology, fall, 2022 Meeting & Expo***. Our meeting will be held at **The Westin Denver Downtown, September 21 – 25, 2022**. We hope you will join us as we work to get back to normal with another live in-person meeting. Our meeting provide a relaxed atmosphere and are family orientated. ***We may not be the biggest dermatology organization, but we are the best!***

This conference is the perfect opportunity for networking with professionals at every level of our field. Our comparatively smaller size gives you greater access and more face-to-face time with conference attendees. Our new ***Expo Central*** will give you the opportunity to mingle with other members, political advocates, experts and vendors from pharma and equipment throughout the day. All day breaks will be set up in Expo Central to provide ample time to mix and mingle.

We also have many sponsorship opportunities at this conference with a wide variety of price points. If you would like to increase your presence or are unable to attend but would like to still make your company known to our members, sponsorship is a great way to amplify your visibility. We encourage you to review the enclosed material and embrace the opportunity to meet and get to know our organization.

The AOCD was recognized in 1958 as a specialty college of the American Osteopathic Association. Just as the osteopathic profession has grown over the past 100 years, the AOCD has also grown. Our College now has 700+ board certified dermatologists.

“The American Osteopathic College of Dermatology (AOCD) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.”

The American Osteopathic College of Dermatology has grown tremendously over the last six decades to become a strong and influential specialty college. Our presence is well-established in academic and clinical settings throughout the United States, as well as in many political arenas. American Osteopathic College of Dermatology is dedicated to promoting the practice of osteopathic dermatology on a national level.

Sincerely,
